String orchestra

All the framed figures should be played till the next frame or written notes. The bars in parts in which there are numerated rests show only the number of bars in which the aleatoric should be continued.

Behind the bridge on the notated string

Dampen the strings gently with the palm and create a crunching sound

Col legno tratto – play with the wooden part of the bow (long notes)

Overpressure that makes a slightly cracking sound, in combination with tremolo of the left hand a quartertone higher than the written pitch

Play on the written string different flagiolet tremolos with the bow maximally close to the bridge, the sound changes in the left hand should be as fast as possible

Dampen the strings gently with the palm, col legno batutto – with the wooden part of the bow play the ricochet

Play the written pitches pizzicato in a free rhythm

Play a very high pitch, make the glissando to a slightly lower pitch only where notated

Behind the bridge on the notated string, a severe tremolo
